Dear Lake Placid Exhibitors,

We would like to take a moment to share an update on the entry and stall allocation process and to thank you for your continued patience and cooperation. On our opening day of entries, we received requests that were 50% greater than the total number of available stalls. We are grateful for the enthusiastic response, although unfortunately, it also means that not all entry requests can be met.

In keeping with USEF entry system requirements and the guidelines outlined in the prize list, we are actively managing the entry list and waiting list. This is an ongoing process that will continue over the next two weeks. The entry list is reviewed daily as trainers' plans evolve. We follow an established protocol that includes a time-stamped waiting list based on when entry requests were received. Should stall availability change, entries will be accepted in order from this waiting list and trainers notified.

Also as described in the prize list, tack stall assignments are based on the number of horses entered by each trainer whose entry has been accepted. This allows us to accept the greatest number of entries within the available stabling area.

Our priority is to create a safe, well-organized, and enjoyable experience for everyone by maintaining an appropriate number of horses on the show grounds. We truly appreciate your understanding as we work through this process with care and fairness, and we are grateful for your support in helping us make the Lake Placid Horse Shows a positive experience for all.

Thank you again for your patience and cooperation.

Warm regards,

Allen Rheinheimer

Competition Manager
